

Influenza Vaccine

By January 1, 2019 children aged 6-59 months attending child care center, group or family day care shall receive at least one dose of influenza vaccine between July 1st and December 31st of the preceding year.

Interpretation: If your child will be between 6 months and 59 months of age as of January 1, 2019 they are required to receive the Influenza vaccine in any of the 5 months prior (July-December) in order to attend child care. Children who do not receive the flu vaccine by December 31st 2018 must be excluded from child care for the duration of influenza season (January through March 31st) or until they receive at least one dose of the Influenza vaccine. Please call your doctor today to make an appointment.

Please submit the one documentation below that applies to your child:

1. Name of Child _____
